# AMARE EDGE+™

## What It Is

Amare EDGE+™ Mango Stick Packs—Synergistically potent plant-based nootropic in a supercharged formulation that supports mental flow, body and mind endurance, healthy memory, neuron regeneration, and motivation.\*

## How It Works

- **Mango Leaf** supports mental flow.\*
- **Lychee Fruit** supports body and mind endurance.\*
- **Palm Fruit** supports enhanced neuron regeneration.\*
- **Lion's Mane** supports neuron regeneration and healthy memory.\*
- **Contains Citicoline**, a precursor to neurotransmitters.\*
- **Natural caffeine** from Green Coffee Beans supports body and mind energy, cognitive performance, and attention.\*

## Why You'll Love It

Everything you love about Amare EDGE® with 3 additional plant-based ingredients formulated to supercharge your nootropic experience.\*

## How To Use It

Thoroughly mix 1 stick pack into 8 oz. of water. Do not exceed four stick packs per day.

## What is a nootropic?

**Nootropic** (noun)  
no·o·tro·pic | \nō-ə-'trō-pik\

Also known as “cognitive enhancers,” nootropics are supplements and other substances that have a positive impact on mental skills. They might improve cognitive function, particularly executive functions, attention, memory, creativity, or motivation in healthy individuals.\*

# AMARE EDGE+™

## The Science of EDGE+

Amare EDGE+™ combines our original Amare EDGE® formula with three additional innovative ingredients for a supercharged nootropic that's mango-licious.

### Amare EDGE Proprietary Blend:

Bringing together three unique botanicals – Mango Leaf from Africa, Lychee Fruit from Asia, and Palm Fruit from Central America – the original proprietary Amare EDGE Blend helps to address one of today's most compelling consumer demands – languishing.\*

**Mango Leaf** is high in xanthenes that support healthy inflammatory response and support mental flow while also supporting both psychological motivation and physical performance.\*

**Lychee Fruit** is rich in bioavailable polyphenols that aid body and mind endurance and support glucose metabolism.\*

**Palm Fruit** Bioactives Complex (PFBC), sourced exclusively from sustainably-harvested palm fruit, is high in unique water-soluble shikimic acid flavonoids. Working with scientists from MIT, we found PFBC to improve neurotrophic factors (BDNF) which supports neuron regeneration, neurotransmitters (dopamine), mood, and microbiome balance.\*

### Body & Mind Energy Proprietary Blend (NEW!):

The “plus” in EDGE+ is The Body & Mind Energy Blend, which adds the synergistic combination of Lion's Mane, Citicoline, and natural caffeine from Green Coffee Beans, making Amare EDGE+ Mango an excellent choice anytime you need a delicious supercharged nootropic.

**Lion's Mane** has been used in traditional Chinese and Asian medicine for centuries and is often referred to as the “Mountain Priest”. It supports neuron regeneration and healthy memory.\*

**Citicoline** is a naturally occurring neuroprotective and is a precursor to neurotransmitters.\*

**Natural caffeine** (100mg) from Green Coffee Beans is a “clean” caffeine containing chlorogenic acids which support comprehensive health benefits.\* Historically, this is known to support body and mind energy, cognitive performance, and attention.\*
