amare KIDS PACK™

comprehensive mind and body nutrition for growing kids and teens*

PROMOTES IMMUNE SYSTEM EFFICIENCY*

REDUCES STRESS HORMONES*

PROVIDES COMPREHENSIVE MENTAL WELLNESS NUTRITION*

The first comprehensive mental wellness pack for kids and teens, the Amare Kids Pack is formulated to support full mind and body nutrition.*

As kids and teens grow, their minds and bodies are continuously developing. However, we seem to overlook the importance of that development when we're young. After all, we're all taught how to take care of our physical health at a young age, but what about our mental health? It's just as or more important, yet we tend to only focus on the body's impact on our well-being. It's time for a change. Mental wellness can no longer be looked as an afterthought — in fact, it's actually the primary driver of health and happiness.

Kids and teens especially need products that will help develop, support and optimize both the mind and body. With the Amare Kids Pack™, all three of Amare's signature kids products are included, making it a complete mind and body nutrition system for kids and teens.

Kids FundaMentals®, the offspring of our award-winning Amare FundaMentals Pack®, connects the gut and brain to enhance the communication between both brains in kids and teens. Kids VitaGBX balances both the mind and body, plus provides the key nutrients kids and teens need as they grow. And finally, Kids Mood+ supports youth stress resilience and a better mood.

The best of the best. That's what you get with the revolutionary Amare Kids Pack. The best gut-brain axis support. The best full-body vitamins. The best mood-boosting nutrition. The first all-natural formulation of its kind to empower your kid from head to toe so they can be their best — student, artist, athlete, servant leader — *self*. That's comprehensive mind and body nutrition for growing kids and teens.*

1. Supports full mind and body nutrition for growing kids and teens*
2. Provides comprehensive mood support and stress resilience*
3. Promotes immune system efficiency*
4. Improves psychological vigor (physical energy, mental acuity and emotional well-being)*
5. Improves concentration, attention and mental alertness*
6. Normalizes neurotransmitter activity, including serotonin and dopamine*
7. Reduces stress hormones and inflammation*
8. Supports memory improvement and efficiency*

MentaBiotics® Sugar Free provides gut support through our MW3™ Prebiotic Proprietary Blend, which is specifically formulated to feed the bacteria in our MW3™ Probiotic Proprietary Blend.*

MW3 Probiotic Proprietary Blend

Our blend contains unique and specific probiotic strains targeted to enhance overall mental wellness.*

MW3 Probiotic Strains:
Lactobacillus rhamnosus R0011 — Reduces stress by lowering cortisol exposure and improves GABA neurotransmission*

Bifidobacterium longum R0175 — Enhances calmness by decreasing anxiety indices and improves cognitive function*

Lactobacillus helveticus R0052 — Improves mood by decreasing neuro-inflammation and increasing serotonin*

MW3 Prebiotic Proprietary Blend

Our MW3 Prebiotic Proprietary Blend provides optimal gut support by feeding the specific mental wellness probiotic strains found in our MW3 Probiotic Proprietary Blend.*

MW3 Prebiotic Fibers:
IsoFiber™ (Iso-Malto-Oligosaccharides) — Contains a combination of naturally occurring prebiotic plant fibers that are clinically shown to improve the growth of specific probiotic strains featured in Kids FundaMentals™ and now MentaBiotics® Sugar Free!

Bimuno® (Galacto-Oligo-Saccharides) — Resets and increases friendly gut bacteria, maintains immune health, controls inflammation in the body and supports your microbiome balance. Is highly effective and a natural way of increasing preferred bacteria in your gut. Plays an important role in feeding Bifidobacteria probiotic strains.*

SunFiber® (Galactomannan Fiber) — Helps improve the growth and vitality of beneficial bacteria, including Bifidobacteria and Lactobacillus.*

Which prebiotics match up with our mental wellness probiotics ?
